INTRODUCTION :

I am a Full Stack Web Developer, I possess a strong foundation in web development. With a keen eye for detail and a passion for creating user-friendly designs, I consistently deliver high-quality results. Additionally, my ability to work collaboratively in a team environment and strong problem-solving skills make me an asset to any organization.

WORK EXPERIENCE

Projects

- Web application for Shoaib Academy Harbance Pura.
- Twitter & Whatsapp UI Clone.
- Social Media application.
- Website for online driving school management system.
- Real time messaging application
- Todo application.
- Visit my portfolio for much more.

SKILLS EXPLAINED :

- **Designing:** Proficient web designer with expertise in advanced css and styling techniques like tailwind css & bootstrap to make styling efficient.
- **React:** I use popular frameworks like React & Next.js to build websites that look great & work well on different devices.
- **MySQL:** I am skilled in MySQL and use it for database management in web development, enabling seamless integration with dynamic web applications.
- **Node Js:** I use Node.js for efficient server-side development and enhanced application performance.
